

## MEDIA RELEASE

Wednesday 1 July 2009

### WISE EMPLOYMENT EXPANDING ITS SERVICES FOR JOB SEEKERS AND EMPLOYERS IN VICTORIA.

WISE Employment is proud to announce the expansion of its employment services across Victoria.

WISE Employment is a not-for-profit organisation that has provided employment services to members of some of our most disadvantaged communities since 1992.

WISE will expand the services of nine of its Victorian offices, helping more job seekers find fulfilling employment and more employers find valuable staff.

Tina Webb, Victorian Operations Manager is pleased to announce the expansion of services across Victoria.

“WISE has been providing professional, high quality employment services to Victorians for many years and it is exciting that we can now service even more Victorian job seekers and employers.”

WISE Employment will be providing assistance to eligible job seekers under the new Job Services Australia (JSA) contract.

Job Services Australia is the new Australian Government employment initiative for eligible job seekers registered with Centrelink, starting 1 July.

“We will be providing job search assistance linking in with local training and work experience opportunities, as well as helping local employers find staff,” said Tina.

Tina said the expansion of services will mean WISE has an ever larger pool of high quality job seekers to choose from when filling vacancies.

“This will mean we can provide a better service to job seekers and employers alike.”

Please come down and say hello or Freecall on 1800 685 105 to find out how WISE can assist you.
