

# WISE Vocational Reporting Service

A new standard in expert opinion on post-injury earning capacity

One of Australia's leading and most successful employment services, WISE Employment, now also provides specialist medico-legal opinion on post-injury earning capacity through its Vocational Reporting Service.

Our network of highly-qualified, registered psychologists work one-on-one with your client, drawing on a range of robust psychometric tests and assessment tools to determine their likelihood of securing work in real-world conditions.

WISE Employment has been guiding and inspiring people of all abilities in their search for work since 1992 and our psychologists are acutely aware of the barriers to employment faced by people with an injury or disability.

Our assessments and reports for WorkCover, TAC and Public Liability cases are accurate, credible and concise, providing a powerful insight into your client's loss of earnings due to injury.

**For more information, or to make a referral, contact Martha Santolin on 03 8329 8800 or see us at [www.wiseemployment.com.au](http://www.wiseemployment.com.au)**

## Why choose WISE?

### **Credibility**

As one of Australia's most successful employment services, our specialist medico-legal reports are highly regarded and offer unique insights into the many issues that hinder a return to the workforce post injury or disability.

### **Convenience**

The WISE Vocational Reporting Service operates from a range of locations across Melbourne and regional Victoria.

### **Reliability**

High quality assessments and reports delivered in a timely and professional manner.

### **Cost effective**

Pay only 40% of the fee upfront. The balance is payable upon a successful outcome.

### **Results**

WISE Vocational Reporting Service has an extremely high success rate. Our team of registered psychologists have a proven track record in providing successful reports for demonstrating loss of earning capacity.
